Donner Queen To Be Chosen May 1 At Social Meeting

Box Social Planned Here As Preparations For Races Started

Plans for the Northern California Outboard Association boat races to be held July at Donner Lake were discussed at the April 9 meeting of the Donner Lake Fire Dept. and Auxiliary held in Donner Lake Lodge.

They discussed plans of the May 1 box supper social and Miss Donner Lake contest to take place at the Truckee Tahoe High School. Free admission tickets are to be distributed at participating service clubs and may be obtained from members or the Ladies Auxiliary members.

Each lady is to take a box of food for two to be bid on by the men, with those contributed by teen agers, in a seperate bidding. Children are welcomed and parents are asked to take a box lunch for them, coffee will be furnished.

Mrs. Rex Reid this week announced that seven organizations participating have selected their queen candidate.

Election of a queen will take place at the May 1 event when attendants will write their choice on the back of tickets to be deposited at the door.

The queen candidates are: Lions Club, Nancy Watts; Truckee Fire-etts, Terry Beck; Rotary Club, Sharon Tremayne; Wyethia Club, Shirley Smith; Chamber of Commerce, Terry Ellis; 20-30 Club, Anita Diaz; Donner Summit Community Club, Nancy Williamson.

The next regular meeting of the group will be held this evening at Smart's. A board meeting was held Monday at the home of Mrs. Rex Reid.

Fish Allotment For This Area Is Told

Erwin Single, California Fish and Game warden for this district reported that fish planting allotments will give Donner Creek 6,000 catchables along with 40,000 for Donner Lake, 5,000 for Prosser Creek, 60,000 to be put in the Truckee River while 16,000 will be planted in the Little Truckee and 4,000 in Lower Ward Creek.

Twenty thousand fingerlings are ear marked for Boca Reservoir.

Bear Lake and Five Lakes in Placer County were chemically treated in 1958 and will be restocked with eastern brook and rainbow trout this year.

TWO BABIES ARRIVE FOR LOCAL PEOPLE

Patrick Igor Kenyon, nine and a half pounds, arrived Thursday, April 9 to join his six brothers and four sisters at the home of Mr. and Mrs. George Kenyon.

Kenyon is employed as foreman by the Truckee Public Utility District.

Michael Leon who arrived April 9 at Tahoe Forest Hospital was welcomed by his parents, Mr. and Mrs. Dallas Marquis of Truckee.

The infant's arrival weight was 6 pounds, 6½ ounces.

BISHOP WILL VISIT AT LAKE TAHOE CHURCH

Bishop Donald Harvey Tippett of the San Francisco area of the Methodist Church will be in Kings Beach on Sunday, May 3rd at 4:00 p.m. for the consecration of the new addition to the Community Methodist Church. Bishop Tippett, one of America's great preachers, will preach at this service, following which there will be a tea and reception in his honor. Everyone is invited to attend.

COLUSA PASTOR TO PREACH ON SUNDAY

The Reverend James C. Etheredge, pastor of the Trinity Church, Colusa, will occupy the pulpit during the 11 a.m. services at the Church of the Mountains. Sunday.

Etheredge is a graduate of Boston University and held pastorates in Riverbank and San Francisco before accepting his present appointment. The sermon topic will be, "The Seed of God." Pastor Tayloy will be preaching at the Colusa church.

VANDALS DESTROY SCHAEFFER STONE

Vandals are reported to have wantonly broken into many pieces a headstone over the grave of one of the Schaeffer family, located in a cemetery near the site of the old Schaeffer mill on the hill above Truckee.

Mrs. Nelson Stone, one of many local persons interested in the history of the area, said the large stone was demolished.

Marriage License—

A. W. Schmidt of Truckee and Bernita Foster of Santa Rosa were issued a Reno, Nevada license to wed.

Thieves Loot Shed Damage Building Equipment Here

Thieves who broke into the Granite Construction Company tool shed near Hirschdale during the weekend, not only made off with tools and equipment valued at $1200, but did considerable damage to property when they "borrowed" a DC-7 bulldozer to free their car which was apparently stuck in a nearby ditch.

In his report, Deputy Sheriff Roy Waters said he was called to the scene by Bud Woods, superintendent, Monday.

Investigation showed a hasp had been broken off the door and the shed completely ransacked. Included in the loot were an acetylene welder, a six-inch bench grinder, a 180-amp welder mounted on a trailer, gauge, spray gun and paint hose and other material.

Apparently in driving about the area, the thieves had driven their vehicle into a small ditch where it became lodged. The took the DC-7 to free the lighter vehicle and in so doing ran over 90 feet of conveyor belt, destroying the belt, rollers and bearing and causing damage estimated at $1175.

Tire tracks, coupled with the fact that the vehicle used for the theft was apparently damaged may lead to a clue, Waters said. The investigation is continuing.

About the same time, thieves broke into a gasoline pump belonging to Isbell Construction Company in the same area and stole 17 gallons of gasoline. Waters and Deputy Robert Schooley investigated.

FIRE OFFICIALS ARE ADVANCED IN RANK

At a meeting Tuesday night of the Truckee Volunteer Fire Department, Glenn Coffey, assistant chief, was advanced to chief, replacing N. F. Dolley who recently was named on the fire commission. At the same time Dolley was named local fire marshal and will issue permits and have an active interest in the department affairs.

H. L. (Bud) Owens, former captain was advanced to assistant chief; William Englehart, Jr. lieutenant, was promoted to captain and Ed Androus was named lieutenant to succeed Englehart.

SEABOARD MEETING ENDS IN MARRIAGE

Charles B. Cross, prominent Truckee and Tahoe City business man claimed as his bride at Reno, Nevada last Saturday, Mrs. Sylvia Westlake.

The wedding was a quiet religious ceremony, attended by close friends and relatives including Mr. and Mrs. Charles Cross and Mr. and Mrs. Howard Pyle of Tahoe City and Mr. and Mrs. Miles Horne of Truckee.

The newly wedded couple met during Cross' European trip in London, England, Mrs. Cross more recently has been visiting a daughter at Vancouver, B. C.

LAST RITES HELD FOR ORIN BRANCH OF LAKE

Final rites were conducted at Truckee Colonial Mortuary last Thursday for Orin Branch, with Rev. John Taylor conducting the services. Mrs. Taylor was the organist.

Burial followed at Tahoe City.

GAIENNIES HOST TO RELATIVES THIS WEEK

Mr. and Mrs. Frank Gaiennie were hosts last week to their granddaughter and her husband, Mr. and Mrs. Ray Gutierrez of El Cerrito.

During the visit, the family visited Virginia City and saw Art Rafael, well known here in years past as a piano player.

Mrs. Gutierrez is the former Mavonne Sykes.

BAY MAN DIES ON VISIT TO LAKE TAHOE

KINGS BEACH — Funeral Services were held at San Francisco for Severin Lillieberg, age 50, who died suddenly April 6 at Kings Beach.

Lillieberg, with his wife Nora, had arrived from San Rafael to build a summer home at the lake. The deceased is also survived by a son, Severin of San Rafael.

Truckee Colonial Mortuary was in charge of arrangements.

Sincere sympathy of their local friends was extended Mrs. Lillieberg and their son.

First Two Fires In Area Warn Of Dry Forest Conditions

Donner Department, U. S. Forest Service Put Out Fires

Henry Toccalini reported that two fire calls were answered by the Donner Lake Volunteer Fire Department and Tahoe Forest Service Fire Suppression crew during the week end, again calling attention to the fact that the area is tinder dry and all precautions must be taken to stop the smallest spark.

Sunday evening at 8:30 the crew responded to a call when it was discovered that a blaze had apparently been started with small boys involved, near the home of Sgt. and Mrs. Frank Snyder at Donner Lake.

Pine needles and burning brush on the property across the highway from the Donner Trail Lumber Co. building, being cleared from the lot got out of control Monday evening in the second fire call.

Burning permits are now required by everyone before any material may be burned within the National Forest. They may be obtained at the Truckee Ranger station and other designated places published last week in the Sierra Sun. Call the ranger station for information and stop the sparks before they become a conflagration.

Airport Receives Funds For Survey

California Aeronautics Commission awarded $950 to the Truckee-Tahoe Airport District to conduct an engineering feasibility study of the project of developing an airport one and one half miles southeast of Truckee to handle Winter Olympic Games travel and for future use.

Tahoe-Truckee is one of two districts formed in the state for airport development.

The site under study for the airport is in the Martis Valley on the Brockway Cutoff between Truckee and Kings Beach. It would be necessary to clear 96 acres of the 285 acre site there.

It is estimated a 6,000 foot long runway could be developed on the site.

HUGE TAHOE HOTEL BUILDING TO START

AUBURN — Construction of a 40-unit resort hotel, the Tahoe Klahoya, expected to cost $1,000,000, begins next month near Tahoe Vista at Lake Tahoe.

Establishment of the resort was approved last week by the Placer county planning commission. H. Duncan Malloch of Oakland, president of the firm that will build the structure, said it will include a dining room, cocktail lounge and a swimming pool.

Sixth additional guests units are planned for the future.

CAR PARKED HERE REPORTED STRIPPED

A car belonging to Jerry King of Truckee which had been parked near the county yard on west River Street was stripped of a battery, generator, distributor, three tires and wheels, a headlight and other parts, according to a report investigated by Deputy Sheriff Robert Schooley Sunday morning. The loss was estimated at $118.

MEN SOUGHT AFTER HOTEL IS ROBBED

Two young men about 19 or 20 years of age are being sought for the theft of approximately $30 worth of bedding and towels taken from the Alpine Riverside Hotel Sunday night. Deputy Sheriff Roy Waters said it was evident the thieves, who had registered the night previously had opened a window on Highway 40 side of the building and dropped the sheets, blankets and towels out. The two checked out early in the morning without luggage.

BISHOP VISITS

Bishop Papken Varijabedian and his parents, Mr. and Mrs. Hogop Varijabedian of Los Angeles, visited last week with the Dick Joseph family and the George Kaspian family of Truckee. The Bishop is head of the Armenian Apostolic churches of California.

SUNBEAMS

By WALTER M. BARRETT

In attempting to report a story as big as the cleanup program last Saturday, it would be virtually impossible to give proper credit for the individual, or even the group efforts, put forth. Needless to say, however, that success was gained through the comined efforts of everyone participating — women, men and youngsters. The Truckee Donner area can well be proud of its job and those who entered into the program so unselfishly may be assured that their work was appreciated by a grateful community. If the same spirit of coperation prevails at the paintup program on April 25, a job will be accomplished which will cast credit upon the area and result in benefits to all. Plan now to join your neighbors Saturday morning April 25, for the paintup. Old clothes and paint brushes will be the order of the day.

* * *

The time has arrived when it is proper to issue a warning. With the advent of warm weather, one of the biggest pests to invade this or any community will be the professional chissler—the fellow who seeks to separate you from your cash with a glib tongue and a proposition you "just can't pass up." We get along without these smooth artists during the winter, but clear weather brings them out and the story they tell makes one wonder how we ever lived without their product. Please refer them to your chamber of commerce before they start their well-practiced story or you may be swept off your feet and wind up buying something your local people can supply at less cost and with more value.

Boy Scouts Plant 3000 Pine Trees

Saturday, 65 Boy Scouts and Cub Scouts from Truckee, Tahoe City and Kings Beach planted 3000 pine seedlings on the Jackass Point burn.

It is hoped this planting will help to reestablish a timber stand on the fire denuded slopes just south of the Truckee Wye.

The planting was supervised by the local forest service personnel.

SERGEANT SNYDER TO ADDRESS CLUB MEET

Sgt. Frank Snyder of the California Highway Patrol will be the guest speaker before members of the Wyethia Club to-morrow evening, his subject being "The California Highway Patrol and the Olympics". A brief question and answer period will follow the talk. Mrs. William Randall announced that a pot luck supper to begin at 6:30 will precede the speaker. Members are requested to ask their husbands and guests to the event.

LOCAL COUPLE AT WEDDING OF KIN

Mr. and Mrs. A. Polyanich were guests at the recent wedding at Reno of her nephew Erich Bretthauer to Miss Lavonne Fenwick.

The formal service was followed by a reception at the home of the bride's parents, Mr. and Mrs. O. T. Fenwick of Reno.

The young benedict is the son of Mr. and Mrs. Walter Bretthauer of Reno and is a senior at the University of Nevada, majoring in chemistry.

Greatgrandmother Again

Mrs. A. E. Burlingham received word from Honolulu, Hawaii that she became a great-grandmother for the third time with arrival on April 8 of a great-granddaughter, daughter of Mr. and Mrs. Don Capeheart. The infant weighed a buxom 9 pounds at birth and had the distinction of being named Della Anne, the names of three of her great-grandmothers.

State Senator and Mrs. Ron Cameron were visiting friends in the Lake Tahoe, Truckee and Donner area last week following his successful campaign concluding the special election ten days ago.

Locals Beat Tahoe, Lose To Reno In Games This Week

Baseball Team Will Host Hawthorne Here On Saturday

The Tahoe Truckee Wolverines, after their 3-1 loss to the Reno Huskies last Saturday, came back last night to beat the South Tahoe Vikings 9 to 6 in a well-played game on the local diamond. Saturday the Wolverines host Hawthorne Serpents on the local diamond, rebuilt by the maintenance crew of TnT. Game time is 11 a.m.

BY JOHN FIRPO

Reno's High School Huskies became the first team to down the three-times undefeated Tahoe Truckee Wolverines. The loss was the first for TnT in both conference and non-league and put them in second place with two wins and one loss while they have an overall record of 3-1.

Saturday was the game the Wolverines were out to get and they sent their sore-armed workhorse ace, Craig Robinson, to the mound against the unbeaten high-ranked Huskies. The Renoites weren't to be upset though and they won an exciting "cliff hanger" of a ballgame, 4-2.

Robinson was brilliant in the first five innings striking out 15 men and not allowing one hit! But

Parent Conference Set For April 21-22

The Tahoe Truckee High School will hold the second of its series of parent conferences on Tuesday and Wednesday evenings, April 21 and 22.

The conferences, held following the first and third quarter grading periods each year, provide an opportunity for parents to meet and discuss their children's school progress with members of the high school faculty and administration.

The schedule for the conference nights is as follows:

Tuesday, April 21 from 7:30 to 9:30 p.m.—Parents of Kings Beach and Tahoe City area.

Wednesday, April 22 from 7:30 to 9:30 pm.—Parents of Truckee, Floriston, Donner Summit and Hobart Mills area.

LOCAL PEOPLE ARE ON COLLEGE GROUP

The vocational advisory committee recently named to assist the Sierra College faculty in setting up a vocational program to meet the needs of the college district will hold its first meeting in Auburn on April 23 at 7 p.m. in the college lunch room.

Superintendent Harold M. Weaver made the announcement this week, and said eighteen representatives of industry and professions had agreed to serve.

The Tahoe-Truckee area will be represented by Mrs. Herbert Gunkel, Cedar Glen Lodge, Brockway; Charles Henrikson, Tahoe City contractor; Reginald Smart, Truckee restaurant owner.

LONG TRIP FOR BRIEF VISIT TO TRUCKEE

From Covina to Truckee just for breakfast is a long trip, but that is what Mrs. Vina Clepper's two sisters, Leila Glick and Bessie Quick and the former's daughter, Susan did this week. Driving a small sports car, they left Covina, near Los Angeles, after work in the evening, drove to Truckee in time for breakfast and then took off for home again.

Books Club To Meet

Drama enthusiasts will be interested in the following assignment for the Great Books Discussion Group. Lysistrata and The Clouds, two of Aristophanes' sometimes-controversial plays are now being read and prepared for the April 22 meeting. Mr. and Mrs. Bob McLane will lead the discussion beginning at 8 p.m. in the library of the high school.

BUILD NEW HOME

Mr. and Mrs. Raymond Brown are starting a new home on the Brockway shortcut near the trailer court south of Truckee. They plan to have it completed in the near future at a cost in excess of $10,000.

Volunteers Asked To Aid Paintup Project April 25th

With the cleanup project out of the way, the next step in the community effort to prepare the Truckee-Donner area for the hundreds of thousands of visitors expected during the next year, including the 1960 Olympic winter games, will be the paintup.

In charge of this project is William Englehart, Jr. who is urging everyone to contact him or the general chairman, Zeph Rose, and learn the details of the paintup plan. Those desiring any kind of service from advise on color, type of paint, use of brushes or other information may contact either Englehart or Rose.

The information sought will be relayed to officials of the Pabco Paint Division of Fibreboard, who have made their experts available to Truckee without cost or obligation. Lou Reel the Pabco sales manager from Sacramento comes here each week to assist local committeemen in the job and half a dozen other experts on all phases of painting are available, Rex Reid, manager of the Builders Supply Center and Pabco distributor, declared.

Full and final details of the paintup project will be published in next week's issue of the Sierra Sun, but in the meantime those wishing personal information are urged to contact Englehart or Rose.

One of the main jobs during the paintup will be redecorating the old structures in the rear of the business area in Truckee. The Truckee Donner Chamber of Commerce, sponsoring the cleanup, paintup, is contributing to the cost of this project.

Work Is Resumed On Local Highway

The division of highways announced that the contractor has resumed work on the project on Highway U.S. 40 from east end of Donner Lake to Boca. Operations were suspended on December 8 due to unfavorable weather conditions.

Work on the freeway development was started late in January, 1958 by Fredrickson and Watson Construction Company and Ransome Company of Oakland under a $7,621,000 contract. The project is currently approximately 51 percent completed, and highway officials plan to have the roadway in service by the end of the construction season, weather permitting.

W. R. Green will return to this project as resident engineer for the division of highways.

The division of highways also announced that work has been resumed on the project to convert the portion of Highway U. S. 40 from Boca to Floriston to a full freeway. Work was suspended January 15 due to unfavorable weather conditions.

K. C. Jones will return to the project as resident engineer.

$808 COLLECTED IN BOY SCOUT DRIVE

The recent Boy Scout fund drive, conducted under the direction of Reg Smart netted a total of $808.75 in cash and pledges, Mrs. Eve Hallett, secretary for the drive, reported.

Much of this money will go to the local Boy Scout and Cub Scout troops, with some going to the Tahoe Area Council.

CAMERON WILL TAKE OFFICE ON APRIL 20

Ronald G. Cameron, Senator-elect from the 7th Senatorial District of Placer, Nevada and Sierra Counties, will take office on Monday, April 20th. In order to assume his duties as soon as possible during the legislative session, the normal period for certification has been shortened.

Immediately following the counting of the absentee ballots and the filing of his campaign expenditures, the county clerks of Placer, Nevada and Sierra counties will certify their respective statements of votes cast to the secretary of state. Upon receipt of these documents, the secretary of state issues a certificate of election and the swearing in can be completed.

The Cameron family and a group of friends from the three-county district are expected to attend the formal ceremony, which will take place in the Senate Chamber at 2 p.m.

161 Volunteers In Cleanup Haul 250 Loads Of Refuse

Men, Women, Children All Respond To Call For Volunteers

A total of 161 volunteers turned out Saturday morning to participate in the big cleanup program sponsored by the Truckee Donner Chamber of Commerce as a prelude to the paintup day schedule for Saturday, April 25.

Nearly a dozen dump trucks, three or four loaders and the army of volunteers took the field immediately after a breakfast of hotcakes, bacon and coffee at Smart's, where the chamber was host.

The congregation was divided into half a dozen units and assigned to various parts of the community, women with rakes and the teenagers helping the truck loaders. A steady line of trucks with loads of debris piled high drove to the dump and it was estimated that at least 250 large truck loads of material was hauled away.

The committe was headed by chairman N. F. Dolley, assisted by a corps of assistants and throughout Saturday until nearly dark the work kept on. Then Sunday morning, Dolley, aided by volunteer prisoners from the Truckee jail, wound up the job after a second day's work.

No street nor alley was neglected as the workers drove from one pile of debris to the next, hauling away everything they were asked to with old car bodies, tree stumps, worn-out washing machines and bicycles as well as tree limbs, lawn rakings and things too numerous to mention.

Auxiliaries Serve Lunch

At noon the Truckee Fire-ettes and the Donner Lake Fire Department Auxiliary presided at the free lunch stand set up by the chamber at the fire station where sandwiches, coffee and soft drinks were dispensed to the workers. Then the job went on.

Even the nine prisoners in the Truckee jail volunteered and participated in the big task under the direction of deputies sheriff. Incidentally, all the deputies were on the job, despite the fact that some worked Friday night and had very litle rest.

They included Roy Waters, Emery Lander, Leo Zander, and Robert Schooley.

Lee Apple, bank manager, and his staff were much in evidence among the workers in some of the toughest spots.

Special mention was also given the state highway crew. Superintendent Frank Fox and his Truckee district foreman, Ed. Androus, headed a crew which was among the first to arrive and the last to quit, and was busy throughout the day.

Lester Cavanaugh, Fibreboard Corporation Superintendent, brought in a dump truck and a crew of men to assist and M. C. King's loader was kept busy keeping Les Davidson's and Tom Dolley's trucks filled.

The Truckee Public Utility District crew, with the new loader, manned by George Kenyon was on the job all day, while other trucks were donated and kept on the go by Shorty Harris, Clements Rock Products and G. E. Lewis. Loaders were supplied by Terry Tollefson, M. C. King and the high school. Several smaller trucks were contributed and did a good job.

Special mention should go to the ladies of the Donner Lake Fire Department Auxiliary, the Truckee Fire-ettes and the teenage crowd. These people not only worked at the refreshment stand, but assisted throughout the area by raking lots and yards and assisting in loading trucks.

"It would be impossible to give individual credits for the work done," Dolley declared. "It was only through the combined efforts of everyone that the job was such a marked success. To the men, women and children of Truckee and Donner Lake, we say thank you."

PASTOR'S FAMILY IN VISIT TO TRUCKEE

Mr. and Mrs. Roy S. Rhoades, Sr., visited their son and family this past week end. They enjoyed viewing the Tahoe Lake area especially since it was the scene of their honeymoon.

Mrs. Rhoades' father was the late S. F. Booth of San Francisco, who was the passenger and freight agent with the Union Pacific Railroad; it was his suggestion that the railroad put a spur from Truckee to Tahoe in the days when few people had cars. They were close friends of the Bliss Brothers who operated the Tahoe Tavern at that time and were yearly summer guests.

The trip was marred by the very recent passing of their son, Richard B. Rhoades of Los Angeles.

FOOD SALE

The Helping Hand Club is sponsoring a food sale to be held at Duane's Coffee & Donut Shop, Saturday, May 18, 1959, at 10 a.m. Please make it a point to come and try the "mouth-watering goodies" these ladies have prepared.

STIPULATIONS FOR WATER USE GIVEN

The first firm basis for negotiating allocation of water rights from Lake Tahoe and Walker River was outlined at Reno at a meeting of the California-Nevada Interstate Compact Commission.

Proposals laying out conditions for the use of water from Lake Tahoe and the East and West Walker Rivers were submitted Sunday by the seven member Nevada delegation.

Concerning Lake Tahoe, the group suggested:

1. That all existing uses of water in the Tahoe Basin in each state are recognized as of the date of the compact and shall remain unimpaired.
2. Each state shall have unrestricted use of the water for domestic use within the Tahoe Basin.
3. All rights granted subject to the compact shall be satisfied only from the proportion of water allocated to each state.
4. Water may be pumped from Lake Tahoe when the flow of gravity from the lake is insufficient to maintain the domestic, municipal and sanitary needs of the downstream area.

The suggestions were referred to the California members of the Joint Lake Tahoe Problems Committee for study.

AWARDS MADE FOR AVOIDING MISHAPS

A merit award for completing over four years without a single lost-time accident was presented March 30 to Shop 3 personnel of the California Division of Highways at their headquarters in Yuba City. The last accident resulting in lost time by shop personnel was on February 3, 1955.

The award was made by District Engineer S. Hart and accepted by Mr. E. R. Mlifton, superintendent of shop 3, in behalf of approximately twenty employees of the shop.

Shop 3 maintains and repairs all equipment for district III, California Division of Highways, including heavy snow removal equipment used in the high Sierras.

Present at the award ceremony in addition to Clifton, were O. G. Alexander, safety supervisor of District III, and Arden Houser, printing department supervisor.

MOST OF STATE CAN BE REACHED BY CDO

SACRAMENTO — (CNS) About three-fourths of California's population could be reached by some type of warning device if disaster struck or there was an enemy attack, the California Disaster Office reported.

Harold G. Robinson, CDO director, said a recent survey checked the number of warning devices and the estimated coverage.

Of 275 communities which responded to the questions, with a population of 14.3 million, 254 had warning by audible signals. Warning units were estimated to reach 10.6 million persons.

Robinson said 16 per cent said they test the devices daily, 20 per cent weekly; 37 per cent monthly and the remaining 18 per cent occasionally.

The Indian Ocean, 28,357, 000 square miles in area, has an average depth of 13,000 feet.

NEVADA COMPACT MEMBERS ASKED TO RESIGN POSITIONS

CARSON CITY—Governor Grant Sawyer has ordered two members of the Nevada Commission of the California-Nevada Interstate Compact Commission to quit their posts on the commission or their jobs as paid attorney and engineer for the commission.

The ultimatum was aimed at Attorney James Johnson and Engineer George Devore, both of Reno, at a special meeting of the Nevada Commission.

Dangerous Principle

While Sawyer found "no impropriety" in the two positions he said "in principle it might be very dangerous,"

"If you want to stay on the commission you will have to employ others to do your paid jobs," the governor added.

"If you want to remain as employees resign from the commission. It would be plainer all the way around."

The governor told the commission he feels it is not in the interests of good government for members of a policy making body to function also as its paid employees.

$900 Salaries

Johnson and Devore are paid $900 a month for their services to the commission.

The two men probably will announce their decisions at a joint meeting of the California-Nevada Commissions April 5th in Reno.

Johnson said he feels the dual roles played by himself and Devore are in the best interests of Nevada.

Commissioner Norman Brown of Smith Valley urged Johnson to continue as the Nevada Commission's counsel.

"You've got to stay with us," Brown declared. "If you don't we're sunk."

KINGS BEACH BOYS AID TREE PLANTING

Under the leadership of Scoutmaster Red Waddell, 17 boys from troop 31, Boy Scouts of America, at Kings Beach, participated in the tree planting project on Highway 20 and were credited with being the troop that traveled the farthest to join in the program.

The planting of 22,000 ponderosa pines on the 80 acres of cleared brush field was under the supervision of Forest Ranger Frank Sodolski and assistant from the U. S. Forest Service. The excellent weather brought out 335 boys who camped near Nevada City to do their "good turn" of the year.

The Scouts have planted more than 100,000 seedling trees during the past four years in western Nevada County.

The California Legislature of 1868 made the enght-hour day for skilled labor legal.

NORTH TAHOE

By JUDGE HARRY CHARRISON

WEATHER

The weather is still beautiful as for several weeks, and very dry.

CHURCH BENEFIT

The Crystal Bay Club management donated a delicious buffet for a benefit for the Community Methodist Church. (Wee Kirk of the Pines, Kings Beach). More than 200 attended. Entertainment and dancing rounded out an enjoyable time last Friday evening. Reverend Langguth and Joy Plunkett sang several duets. Many gifts were drawn by the lucky winners. Bob Critchley and Harry Hooper were co-chairmen, Ray Plunkett supervised the proceedings. Many thanks to the club for their usual generousity.

MEMORIAL

Several friends of the late Orin Branch are interested in purchasing a stone for his grave in Tahoe City Cemetery. Any friends that would be interested may donate by mailing checks to the Truckee Bank of America for the Orin Branch Memorial.

FLOWERS

The garden of the Sam Harrisons on the Golf Course Road has taken on a real spring look with a number of different colored hyacinths in full bloom.

MARRIAGE

Our friend,Gene Faulkner, was married April 4th in Carson City, to a lovely young lady. Congratulations and many happy years for you both.

BACK

Ray Riley of Crystal Bay is back with us again after a few months in Las Vegas. He tells us of his plans to be married in San Francisco the latter part of this month.

FROM SWEDEN

Constable Harry Johanson's nephew, Osten Wejerfelt, flew in from Sweden over the North Pole this weekend for a visit.

Wejerfelt is a civil engineer and manager of a factory that makes cameras, surveying instruments and similar products.

He left here Monday for Las Angeles, Mexico City, New York and Sweden.

SOLD

The Lyon home on Midiron on the golf course road has been sold by Harvey Klitzke the 2nd, Harvey the 3rd, and Florine took a trip over the weekend in a brand new Austin on a skiing trip to Oregon.

SOLD

The Ed Cooleys of Incline Beach, have sold their beautiful home and will be building close by with a lovely lake view which they both enjoy.

OPEN

Eugene's Chalet is open again Eugene says already they are real busy with dinner parties.

AGAIN IN THE NEWS

Young Davey Ashton has dislocated his shoulder for the second time in eight months. He is in the U. S. Naval Station hospital at Long Beach.

VACATION

Bernita Jones and Ethel Antonson are off on a long awaited vacation to Carmel. They left last Monday.

VISITOR

Monday morning and I just had a visit from Chris A. Bergeler of Monterey Park, father of Barbara Coryell and her three lovely sisters. He has retired since we last saw him and he is visiting Tahoe as often as possible as it is his favorite place away from home.

BAKE SALE

SIX-LANE FREEWAY PLANNED ON FORTY

State Highway Engineer G. T. McCoy has instructed District Engineer Alan S. Hart to conduct a public meeting to discuss the conversion of U. S. Highway 40 from a four-lane expressway to a six-lane full freway, between Auburn and Heather Glen.

In concurrence with the Placer County Board of Supervisors, highway officials announced the meeting will be held in the Veteran's Memorial Building in Auburn on May 7, 1959. The meeting will start at 10:00 a.m. on that date.

Hart urged that all public officials, individuals, and civic groups interested in the conversion of this route to a full freeway should be present at the meeting. The proposed highway development will be presented to the public at that time. Interested persons should present their views and any pertinent information they may have concerning this development. Statements may be made orally at the meeting, or filed as written documents to be included as a part of the public meeting.

NEVADA COUNTY TO SHARE IN GAS TAX

SACRAMENTO—(CNS) — Nevada county's share of highway users taxes distributed during March amounted to $23,476, State Controller Alan Cranston reported today (April 9).

Cranston said the total apportionment during March was $31,782,184, of which $22, 696,546 went to the state highway fund, $6,548,265 to the counties and $2,537, 373 to the cities.

The distribution included $6,136,275 transferred from the motor vehicle fund. Because of the transfer, total distribution for March were up 15.46 per cent from February, and 2.52 per cent higher than in March, 1958.

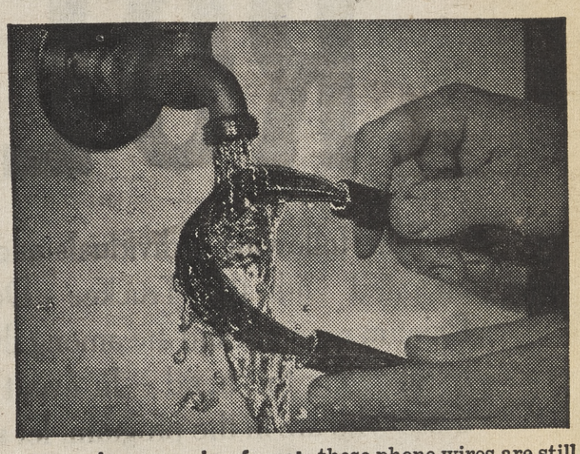
WHAT'S DOING
E. J. Bean, your Telephone Manager in Truckee-Tahoe.

Ever counted the steps from the kitchen to your phone? Try it. 15 steps? 20? 30? Even if you get only 3 calls a day during kitchen hours, a kitchen extension would save you 16,000 to 33,000 steps a year! It lets you go right ahead with your work when the phone rings, too. No turning off the stove and running through the house to answer the telephone. And if you're planning to move soon, you can save money on the installation cost of extensions. The charge to move your present phone covers the installation cost of all the extensions you'll need in your new home.



Even under a running faucet, these phone wires are still dry. Reason: Each pair of wires is covered with a "plastic raincoat." This protection means a lot. You see, wires like this are the heart of the cables that carry your calls. If harmful water ever does get inside a cable, the plastic coat is an added safeguard to help keep your calls going through. **Pacific Telephone**

PLAN PROGRESSES FOR THE DRUNKARD

KINGS BEACH — The business meeting luncheon of the Soroptimist Club of Lake Tahoe, held at Crystal Bay Club, was presided over by President Mickie Mandeville. Mrs. Mandeville had just returned from a month long sojourn in the Hawaiian Islands. She, and husband Bud, were fortunate enough to be there during the 'coming of statehood' celebration.

The chairman of the nominating committee, Ellen Sklar, presented the committee selections for office in the coming year; for the office of president, Ruth Mizner; vice-president, Blanche Donaldson; secretary, Ellen Sklar; Treasurer, Rachel Burgett; board of directors, Dorothy Caulkett; corresponding secretary, Mary Lu Langguth; and delegate, Sophie Levra. Candidates will be voted on the first meeting in May.

Sophie Levra reported that all advertising on the curtain for "The Drunkard" has been sold. The play and olio will be presented May 1 and 2 ,as a benefit for Tahoe Forest Hospital.

Blanche Donaldson, production head, said that tickets were going so fast it may be necessary to stage the show on May 3, also.

The play will be given at Nevada Lodge in the traditional manner. Playgoers will be seated at tables with free peanuts and pretzels. Drinks may be ordered. Soroptimists Club members will serve as waitresses, and any tips collected will go to swell the hospital fund. Friday night, May 1, is family night. Saturday night, in cooperation with the sheriff's department, is reserved for adults only.

MRS. LEVRA REVEALS PLAN FOR AUXILIARY

CRYSTAL BAY — The ladies auxiliary of the VFW Post No. 7077 of Lake Tahoe held their first business meeting of the 1959 term April 8 at Crystal Bay Club with Sophia Levra presiding.

Mrs. Levra outlined the program for the coming year, stressing membership and activities. Members were asked to secure their official caps from the treasurer and asked that they be worn at all meetings.

On Sunday, May 10, the VFW and Auxiliary will host the District 3 conventions at Crystal Bay Club with details to be announced as soon as plans are complete.

A report was given on a meeting held at Fernley on April 8 and attended by Vera Woods and Mrs. Levra. A letter was read from the Weimar Chest Center pertaining to additional activities for the children during the coming year. Further discussion of the proposed projects will be heard at a social meeting Wednesday, April 23 at Crystal Bay Club when Mrs. Barbara Bergman will serve as hostess.

Mrs. Marie Weber was welcomed as a new member and Mrs. Louise Walters won the surprise package. Refreshments were served following the meeting by Mrs. Levra.

Divine Worship 11:00 a.m.

Senior M. Y. F.: This Sunday the MYF is meeting at 3:30-4:00 p.m. at the church in working clothes for a "rake-up, clean-up Bar-B-Que". Contact Tina Grundemann to find out what food to bring, drinks furnished by MYF. Discussion and recreation will follow the dinner at the usual time.

The Christian Fellowship Group of the Woman's Society of Christian Service will meet each week on Wednesday at 1:00 p.m. at the church. Everyone is invited.

On May 5th and 6th the ministers of the Nevada Sub-district and their families will be our guests in the North Tahoe area. We are going to need housing for these ministers, their wives and children for the night of May 5th. When other churches host this meeting, the members of the church usually provide a night's lodging and breakfast for a ministerial family at no cost. We assume that we will be able to provide this as well, or at least the lodging part if it. Of course, some ministers will not be able to bring their families and may be alone. If you could host a minister, or a ministerial family on the night of Tuesday, May 5th, please call Rev. Langguth at LIberty 6-3890 and give him the details as soon as possible.

A man in business does not allow the business to run itself; indeed he seeks the most efficient way of management with a definite goal in mind. If man is to be successful in his life experience he must not flounder in a series of ups and downs but must have in view a definite goal. In the previous two weeks we have considered the Word of God, the man of God and now we are ready for the manifestation of God. Faith is a word that links together two words, prayer and praise. The message this Sunday will be "Help Asked and Praise Rendered".

PANEL SELECTED TO JUDGE IN COTESTS

A panel of five prominent citizens was named today to select winners from a field of 30 Butte, Colusa, Glenn, Nevada, Plumas, Sutter and Yuba county high school seniors competing for zone honors in this year's Bank of America Achievement Award Program.

Members of the panel, who will pick winners at Marysville on April 23, are:

Kenneth E. Porter of Chico, Pacific Gas and Electric Company division manager; Grady Lamon, Marysville construction company owner; Dr. H. A. Snelbaker, Oroville veterinarian; A. Casey, Grass Valley attorney; and Thomas S. Miller of Yuba City, division manger for California Packing Corporation.

Dr. J. J. Collins, president of Yuba College, will act as chairman of the group but will have no vote.

First, second and third place winners will be determined by the panel in each of four fields of study: fine arts, science and mathematics, liberal arts, and vocational arts. Students who place second and third will receive awards of $50 and $25 respectively.

After interviewing candidates and considering each student's high school record, judges choose winners on the basis of scholarship, leadership, character, personality tolerance and citizenship.

The zone event will be coordinated by E. W. Berger, manager of Bank of America's Rideout branch in Marysville.

LAKE AREA COUNCIL TO NAME OFFICERS AT MEETING FRIDAY

Officers, directors and trustees of the new Lake Tahoe Area Council will be elected to serve the remainder of this year at the Council's formal organizing meeting this Friday, April 17, at Harrah's Club Stateline.

Cecil Edmunds was named to represent the Truckee Donner Chamber of Commerce at the meeting.

Only those organizations and individuals who have applied for membership in the council will be able to participate in the election, according to Fred M. Schultz, chairman of the organizing executive committee. All applications received by April 17 will be approved for membership status if basic requirements are met.

Membership fees are set at a minimum of $50 per year for individuals, organizations and government departments. Business and industrial firms pay on the basis of a formula which includes number of employees, and investment and gross business done the last fiscal year. The fee schedule published in the council's program and plan of operations is flexible, and large firms are being asked to pay only their fair share of council costs.

The council is to be composed principally of top executives of organizations, government agencies and business firms. Individuals may join, or receive some council service through one of the organizations to which they belong.

The schedule of events for the Friday meeting is :10 a.m. to 2 p.m.-registration, Harrah's Childrens' Theatre; 2 to 3 p.m.-formal organizing meeting, Harrah's South Shore Room, with speakers to be announced; 3 to 3:30 p.m.-election; 3:45 to 4:30-directors' meeting; 5:30 to 6:30 p.m.-get acquainted cocktail party hosted by Harrah's Club.

MODERN AND MOBILE—It's no problem for Army artillerymen to ready this new self-propelled 8-inch howitzer for firing. They merely park it and let go at long range with 200-pound shells. The tracked carrier was designed to move at high speed across rugged terrain.

MESSAGE FROM YOUR CONGRESSMAN

I was glad to have an opportunity to meet with many of my constituents throughout most of the district during Easter recess. It is helpful to discuss personally the many problems that confront each area. I am sorry that time did not permit me to visit all of the 19-counties of the second district, but I am looking forward to doing that after adjournment sometime in August.

The Congress is again in full swing on important legislative matters—both in committees and on the floor.

There are a number of major bills still before us, including extension of the Federal Airport construction program — which passed both the house and senate prior to the recess and is now in committee conference to iron-out the differences between the house and senate versions. The house approved a four-year extension authorizing $297 million for four years while the Senate approved an amount of $465 million.

Johnson

Another bill of interest to many areas in the second district is a senate-passed omnibus housing proposal which involves urban renewal, lower down payments, additional secondary financing, public housing and related matters.

Still pending for house action are bills relating to financing of flood control and irrigation works, civil rights, railroad retirement, a bill to increase grants for construction of sewage treatment works, under the water pollution control act (which, incidentally, is before my committee on public works), miuimum wage extension and scores of others.

I am glad to note the President has requested an additional $400,000 in a supplemental appropriation for military personnel who are assisting in preparing facilities for the 1960 Olympic Games at Squaw Valley. The military has been assigned to a number of important functions such as helping to prepare courses, fields and rinks, maintain avalanche control, and furnish communications. The defense department is authorized to lend whatever equipment is necessary. Participation of the federal government in the Winter Olympics is a departure from the procedure followed in previous years.

From all reports, the Squaw Valley site is one of the best ever establish for the Winter Olympic games during its long history.

HOTEL MAN TELLS OF CUSTOMS IN BAGDAD

TAHOE CITY — Allan Bell, a hotel man, presently with Squaw Valley Lodge, was guest speaker at the April 7 Rotary Club meeting at Tahoe Inn.

Bell a former member of the Bagdad, Iraq, Rotary Club, told of his three and one half years in Bagdad where he learned something of the people and the country in which they live. He said the population is made up of some forty different nationalities with about 80 per cent of them illiterate but, they are a happy and friendly people.

Because of the extreme heat of 120 degrees F. during the summer months, the business and work day is from 5:30 a.m. to 11: a.m. Winter months are cold but not so extreme, Bell said.

An oddity noted by Bell was a beautiful railway station of mosaic architecture but not in use because no rails had been layed for arrival or departure of trains. He said that the country receives millions of dollars in royalities from oil and why the rail road had not been built, he had not learned. The oil industry is financed by American capital and operated mostly by Americans, Bell said.

Bagdad proper is still without sanitary sewer service but new subdivisions are modern and with running water while sewer runs in gutters in the older sections and water is carried from public supplies.

Visiting Rotarions were, Art Couillard and George Gagler of Truckee and Paul Mullis of Brockway. Martin Spitsen presided over the meeting attended by 32 members.

DIVIDEND VOTED BY SIERRA PACIFIC CO.

Sierra Pacific Power Co. directors authorised payment of a 35 cent quarterly dividend on each share of common stock of the company during their regular meeting in Reno Wednesday, April 8.

The directors also approved a 61 cent quarterly dividend on each share of preferred stock and re-elected the present officers of the company to serve for another year.

Power company president Frank A. Tracy presided at the meeting.

The officers, in addition to Mr. Tracy, are F. G. Barnett, vice-president; B. E. Lowe, vice-president; John A. Moir, vice-president; E. R. Lockhart, vice-president and Roy Torvinen, secretary-treasurer.

TAHOE TRUCKEE SCHOOL NEWS

KINGS BEACH

FIRST GRADE: Our chipmunk has come out of hibernation. "Spring is Here". He has moved cotton, nuts and all his possessions out of his house into the yard of his cage.

We have a new boy David Brown. He is Mr. and Mrs. Stokes grandson.

SECOND GRADE: The following children have been doing cursive writing this week! Donna Martin, Tommy Gregg, Linda Jephson, Shelley Wilson, Marie Garner, Tari Stevens, Lyle Draney, Stanley Mason, Debbie Hilgesen, and Cindy Plunkett.

We had perfect attendance this Wednesday. All thirty-eight second graders answered the roll call.

The two new second graders are: Richard Brown and Catherine Garner. We are happy to have them in our class.

Lyle Draney brought his pet turtle to share with the class.

SIXTH GRADE: Two new students enrolled in our room. They are Gail Fitzgerald and Bob Wells. We now have thirty-six children in our room.

We finished our review spelling test. Those receiving one hundred per cent were: Kathie Schwieger, Bob Holley, Barbara Hutchison, Eddie Hoff, and Estelle Howell.

We have been cleaning up our baseball field. We hope to play there soon.

In reading group three we have been practicing on a play. It is being presented by Eddie Hoff, Katie Schwieger Tom North, Holley Shaw, Roder Michiner, Estelle Howell, and Sharon NyBlom.

SEVENTH GRADE: Danell Pomin in our reporter this week.

In our seventh grade, Mary Anne Spitzen wrote a story about Mrs. Schultz's toy poodle and drew a picture of Suzette.

Our class bulletin board committee set up one board for the hobbies of the class. The students who have displays up are: Karen Henry, Brad Thompson, Karen Lee Critchley, and Betty Christensen.

In Social Studies, we have new committees: Islands of the Pacific, China and her Borderlands, Indo China, Japan, Indian and Pakistan, and Malaya and Indonesia. The chairman are Larry Free, Roger Peters, Kathy Ploof, Jimmy Kimball, Bob Holley, and Mike Knittel.

TRUCKEE ELEMENTARY

KINDERGARTEN: We have a new pet this week. Debbie Jellin brought a turtle to share with the class.

Rose Mary Campas has returned from a quick trip to Mexico. She went with her father Miguel Campas.

James Baker has left for a trip to Kentucky with his parents, Mr. and Mrs. W. N. Baker. They will visit grandparents whom James has never seen.

FIRST GRADE: We have finished our farm mural.

Diane Rose and Maryanne Reichlin had birthdays this week.

Children who received a perfect score on this weeks spelling test were: Robert McDonald, Patricia Stone, Susan Kenyon, Donald Miller, Kay Snyder, Gary Schumacher, Larry Doyle, Kathyrn Campbell, Diane Rose, Ben King, Byron Johnston, Kent Mullis, Joy Frates, Mark Manley, Nancy Raynor, Debby Wurst, and Kathy Goicoa.

SECOND GRADE: George Franceschini, Joe Merica and Curt Mullis have started a project in the second grade that has taken the interest of all the children in the room. First the boys drew a map of the United States they did research to find the capitals of each state. They then decided to write each state for illustrated material to find out what the states chief product is. The chamber of commerces of 29 states so far have answered the letters with excellent material for the whole room to enjoy.

Bruce Leamon, Curtis Melugin, George Franceschini, Brian Smart, Jeffery Jellin, Joe Merica, Steve Kenyon, Terry Higgins, Michelle De Lisle, Tammy Richards, Steve Maynard, and Phyllis Brown were the best spellers this week.

THIRD GRADE: The class has been busy constructing a mural of the important workers of the telephone exchange. The mural consists of the large exchange, and equipment center with the various occupations necessary to carry on communications. Barry Waters, Richard Daniels, Thomas Holleman, Michael Larsen, Jerry Neugebauer, Erick Olson, and many others are doing a fine job of organizing and drawing the mural.

THIRD AND FOURTH GRADES: We have new P. E. teams. Elgin Johnston, Donald Whitneck and Jack Melugin were elected team captains.

We're glad to have Donald Whiteneck back with us. His family spent the winter in Pleasant Hill.

We started making our Mission this week. Nicky Kenyon, Dana Scanlon and David Derting are working hard making the various hard making parts go together. Sue Olano and Rhonda Manley colored scenery.

FOURTH GRADE: "Outstanding" achievement goes to measles, flu and examinations which removed nearly half the class from the classroom. The manufacture of adobe bricks was in the hands of Beverly Holleman, Garee Lynn Stewart, Bruce King, Gail Englehart and Richard Purington. Credit for fine reading improvement goes to Ronnie Walker, Gary Waters and Billy Waters.

Tim McLane, Craig Mullis, John Goldsmith, Billy Sassarini, Garee Lynn Stewart, Gail Englehart, Eileen Olson, and Marianne Moore worked on charts describing various wild animals of California.

Mike Grayson provided some very interesting information on volcanoes.

Best creative efforts were credited to Linda Dallas for her "Potato Dolls".

FIFTH GRADE: The fifth grade loaned three of its outstanding artists to the second grade to help them in the construction of their "Clean UP Week" school posters. The artists Betty Saarni, Larry Digesti, and Dave Douglas did a good pob. It was a thrilling track meet between the fifth and sixth grade girls that grabbed the spot light this week. The sixth grade girls paced by Brenda Blair and Glenda Stark nipped the fifth grade 13 to 10. Top event for the fifth graders was the broad jump when Betty Saarni, Sherry Borden and Joyce Randall placed one, two, three.

In the boy's division the fifth grade tracksters got revenge for the last weeks defeat at the hands of the sixth by downing their older rivals 32 to 12 paced by triple winner the dynamic Monty Straub and John Besio, Mark Moore, Doug Nelson, and Dave Douglas the fifth graders won all the events except the long distance run which was won by the sixth grade's ace distance runner Kenny Taylor.

SIXTH GRADE: Pat Shane and Karen Schumaker have returned to school after spending the winter in a warm climate.

Alice Bunhorn and Brenda Blair are the captains of our two softball teams. Both teams have boys and girls and the players rotate positions each inning so everyone gets an opportunity to learn the various positions.

Mission Santa Clara was named for Saint Clare of Assisi, co-foundress of the Order of Poor Ladies, or Clares.

NOTICE OF INTENDED SALE

NOTICE IS HEREBY GIVEN that HADY LEVIE residing at truckee, California, as Seller, intends to sell to WILLIAM L. FRIES, residing at Truckee, California, as Buyer, all of the resale merchandise and service station equipment situated at the Richfield Oil Station Number 663-B located at the corner of U.S. Highway 40 and Lake Street, in the town of Truckee, County of Nevada, State of California, and that the remaining purchase price will be paid on April 24, 1959 at the hour of 11:00 A.M. at 231 Broad Street, Nevada City, California.

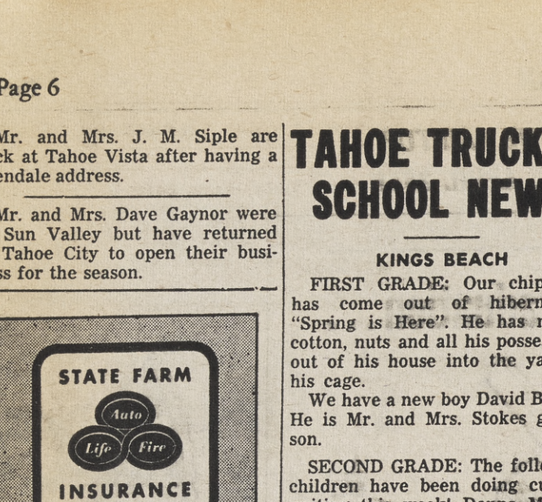
To California



...a glass of beer is many things

Californians talk about Monterey Peninsula with a touch of nostalgia—it's a symbol of their relaxed style of living. And so is a glass of beer. It's the modern symbol of light refreshment.

And in this state beer means more than refreshment. To the nearly 8,000 Californians in the Brewing Industry beer means a good livelihood. To *all* Californians it means a better economy. In 1958 the Brewing Industry was responsible for over $27 million of this state's revenue—*just one more reason why beer means better living for Californians.*

NEWS NOTES FROM TAHOE

NAOMI McLANE
Box 711, Tahoe City — JU 3-3187

Ron Cameron and his wife, Irene spent a night at the Tahoe Inn here Thursday taking a rest from the ardors of strenous campaigning. Cameron, as you know, won the special election to the state senate in Tuesday's election and said he could think of no more beautiful place than Tahoe to relax before taking up his duties at Sacramento. The couple had a late dinner at the Bear Pen in Squaw Valley especially prepared by Jim and Mabel Commagere.

* * *

Mr. and Mrs. C. W. Vernon returned last week from a holiday trip during which they visited their daughter and her husband Mr. and Mrs. Theodore Mortag at Kingsley Field near Klamath Falls, Oregon. The Mortags are living in a brand new home, Mrs. Vernon says, which of course is a deep pleasure for anyone in army life. Mortag is a staff sergeant at the base where he runs a printing office. Florence has re-enlisted in the reserves, her friends will be interested to hear. Besides the pleasure of family visiting, the Vernons took in several side trips: The Lake of the Woods, Shasta Dam, Pitt River, and they almost got to Crater Lake until heavy snow stopped them.

* * *

Lee and Martha Johnson have returned to their Pine Street home in Tahoe City with their new arrival, Claude Lee. The family will remain for the rest of the season.

* * *

Some thirty-five employees of Squaw Valley had a get together Monday night with a steak dinner on the beach. A high spot of the evening was the guitar playing of Jim Licklider.

* * *

Many of you will remember Butch Rhein who worked several summers for Jack and Dinty at their market. He passed away last week in Marysville at the age of 34. Mr. and Mrs. Jack Dunn and their daughter, Mrs. Pat Vanni, went down Wednesday to attend the funeral for Butch.

* * *

Mrs. Charles Nielsen was hurried to Washoe Hospital in Reno Wednesday night where she had an emergency operation close to midnight. She is doing as well as possible but will have to remain in the hospital for ten days at least. Her many friends are wishing for her quick recovery.

* * *

The year is pushing along too fast. The PTA is having its next to the last meeting of the school year this coming April 23, at the Community Hall at 7:30 p.m. Bill Beehdolt will be the main speaker as a member of the Nevada-California Interstate Water Commission. He will speak on the subject of our local and interstate water problems and be ready to answer any questions anyone may have. Mrs. Hinke's kindergarten class will offer entertainment for the first part of the meeting. Election of officers for the school year 1959-60 will be the main order of business.

* * *

Charles Cross delighted his friends by his surprise marriage Saturday to Sylvia Westlake of England. The simple ceremony was held in the Methodist Church of Reno and Charles' children, Charles Junior and Pat Pyle stood with the couple. Others of the wedding party were Howard Pyle and Pat Cross and Miles and Lee Horne.

* * *

Little League Baseball got underway Friday evening with a good turn out of both junior and senior possibilities. Joann and Ernie Marier work very hard with this group and would appreciate all the parent help they can get.

* * *

Skiing season is practically over except for aficinado but surely mention should be made of little three year old Louisa Jones who is a veteran of the slopes from Tower 20.

* * *

Mr. and Mrs. Warren Porter are enjoying a needed rest at Palm Springs before the busy summer season is upon us.

* * *

Della Goss celebrated her 75 years young birthday with a party with friends and neighbors on Monday, April 13. Sam provided the refreshments but the women provided the talk and gayety. Sam had a bad turn last week when he was overcome by smoke and monoxide gas while working. Luckily, he realized in time that he was not feeling a bit well and got home before collapsing. The doctor said that if Sam had remained a little while longer in the room it might have proved fatal.

* * *

The Tahoe Co-operative Nursery School is full of year-end plans. Their most important meeting in the near future is scheduled for April 15 at 7:30 p.m. in the Community Hall. All mothers who are interested should come out to discuss plans for next fall and to enroll their children. In order to keep going there must be 25 members. Children may enter who have reached the age of two. The upper age range is determined by their entry into kindergarten. For information of any kind about the Nursery School call Mrs. Ora Day at JU 3-3330, or Mrs. Ivy Kimball at JU 3-3345, or Mrs. Evelyn Gould, the teacher, at JU 3-4435.

Thomas Edison's first invention, the electrical vote recorder, was patented in 1868.

FIELD FIRING—These soldiers of the 40th Field Artillery Group (Missile) and their 200-mile ballistic guided missiles, the 70-foot Redstones, are now in Europe. Just before leaving, they held a live-fire practice at White Sands, N.M., and are shown here working on the dismantling of the mobile erector.

SUPPORT IS URGED FOR LAKE COUNCIL

RENO — Immediate participation in the Lake Tahoe Area council by Tahoe business investors and property owners in order to protect their interests was urged today by Raymond Smith, regional planning director for Reno, Sparks and Washoe County at a meeting of prominent Reno business and civic leaders.

Unveiling its 1959 program and operations plan, the council held four meetings this week in Nevada and northern California to enable interested people to review council plans prior to the organizing meeting which starts at 10:00 a.m. Friday, April 17, at Harrah's Club, Stateline. Applications for membership will be automatically approved at that time, and directors, trustees and officers will be elected to serve the remainder of the year. Membership status will be attained by election after this year.

LOCAL PEOPLE GET CHURCH DIPLOMAS

Enrollment of the new members in the Confraternity of Christian Doctrine was held Sunday following the 8 a.m. mass at St. Aquinas Cathedral at Reno. Those enrolled from Truckee Parish were Connie Dias, May Mattos, Mary Mattox, Robert Snell, Mr. and Mrs. McKone, Mr. and Mrs. Henry Toccalini and Mr. and Mrs. Wainscoat.

Membership certificates were issued by Most Rev. Robert J. Dwyer, bishop of Reno.

Following the church ceremonies, there was an annual breakfast and conferring of lay catechist diplomas by Bishop Dwyer. These were the first catechitical diplomas received in Reno by those who completed the two years teacher training period and will qualify the holders to be a confraternity elementary teacher.

Butlers Back—

Mr. and Mrs. Ed Butler are in Truckee for the summer, having spent the past few months at Pearblossom.

17TH ANNUAL SILVER BELT RACE SUNDAY

SUGAR BOWL — The Seventeenth Annual Invitational Silver Belt Trophy Race will take place on Sunday, April 19th. In the winter of 1854 a silver belt was won for the first time, and the present Silver Belt Trophy originates over 100 years ago and is therefore one of the oldest ski trophies in the United States.

The Sugar Bowl Silver Belt was first run in 1940. Some of the best skiers in the world have competed in this race. This year promises to be one of the best fields ever. Karl Schrantz, considered Toni Sailer's successor, has received special permission by the Austrian Ski Association to enter the Silver Belt. Also Putzi Frandl, one of Austria's alltime great women competitors will enter.

Buddy Werner, America's No. 1 man and Olympic hope will also be on hand. Thus a duel between Buddy and Karl is expected. However, many Olympic hopefuls such as Gary McCoy, Jim Huego, Ken Lloyd, Dick Dorworth, Gardner Smith, Norway's Chris Berg and Trygve Berge will be a threat to the top contenders.

The Women's field will have Smiley Tschopp, Linda Meyers, Patsy Nast, and Cathy Zimmerman, last year's winner compete against Putzi Frandl.

The course will be set on Mount Lincoln by Olympic Winter Sports Director Willie Schaeffler.

Enough snow is on hand to assure good skiing til April 26th, the closing date of the Sugar Bowl this year.

At Donner Lake—

Returned from their sojourn at San Diego and way points, Mr. and Mrs. Robert Trower are at their home at Donner Lake. Also coming back for the season are Mr. and Mrs. William Ost who spent the winter at Reno.

Principal Ill—

C. W. Sciutto, principal at the Tahoe Truckee High School, who has been ill and a patient at the Tahoe Forest Hospital, has resumed his duties at the school.

BOARDS ARE ASKED TO AID COMMISSION

In the interest of economy, the California Fish and Game Commission has asked the boards of supervisors to cooperate with it in setting dates of antlerless deer hunt hearing as proposed by the department of fish and game.

The commission declared in a resolution that "it would be a needless expense of time and money to proceed in the absence of affirmative action by the board of supervisors in the area to be affected endorsing such proposed special hunt and requesting the same."

The commission said it will withhold any action on proposed special hunts unless the supervisors of counties affected transmit copies of resolutions endorsing proposed hunts and requesting hearings. Deadline for such resolutions would be May 29, on which day the commission meets in Sacramento (722 Capitol) to enact regulations for 1959 hunting seasons and to set dates for special antlerless hunt hearings.

WRAY DISPLAYING NEW HOMELITE SAW

TAHOE CITY — The first, low-cost, high quality, gear driven chain saw—the new Homelite WIZ—was announced today by Robert J. Wray of Homelite Products the local Homelite dealer.

According to Wray, "The gear driven WIZ, which sells for as little as $224.95 F. O. B. Factory, is Homelite's answer to the need for an inexpensive, dependable chain saw with more lugging power than direct drive models.

"The WIZ claims Wray will cut 18 inch trees in 16 seconds and has enough power to fell trees up to 5 feet in diameter. Weighing only 20 pounds, it's the ideal saw for all-around farm use or production cutting."

In Hospital—

Mrs. Robert Hackett was reported to have been a patient last week at Tahoe Forest Hospital.

Shanes Here—

The Patrick Shane family who spent several weeks in Paradise returned to Truckee last week.

Cook Visits—

George Cook, former resident came Thursday from the Monterey district to take care of his property interests. He told of the death, in October of Mrs. Winona R. Fisher in New York. Mrs. Fisher also formerly lived here and was a daughter of Grandma Moses, the famous painter.

On Jury—

Mrs. Frank Giovannoni was called for jury duty at Nevada City.

WOLVERINES

Continued from Page 1

Reno wasn't to go hitless and they got to the tiring right hander in the sixth for one run to tie the score 1-1 after Truckee Tahoe jumped to a 1-0 lead in the first frame on Robinson's single. Robinson had struck out his 16th man when upstepped pinch-hitter Carpenter for the Huskies and smashed a double, then followed by a game tying single. The Nevadans continued to prolong the inning by loading the bases with two gone. Robinson came through to whiff the last batter out. TnT went down 1-2-3 in the bottom half of the inning and the score remained 1-1.

In the last inning for Reno; after Robinson had struck out the "Leading Lady", left-handed hitter, Craig Morrison slammed a home-run over the right field fence to give his team a 2-1 advantage. The next two Huskies went down in order and it was up to the Wolverines to drop it, win it, or force extra innings in their bottom of the seventh.

Little second baseman, Mike Robinson, started the ball rolling by walking on a full count. Sam Medford ran for him and was forced out at second on Buzz Trainor's infield grounder. John Zanotti kept the rally fire burning; getting on by an error which put runners at 1st and 3rd with one out. Craig Robinson sacrificed Trainor home on a bunt to tie the contest 2-2. Bob Ziegler was intentionally passed for Woody Ribal who grounded out to the pitcher to end the regular game and force extra innings.

In the top half of the first extra frame, the first two Reno batters flied to center and then the roof fell in on the home team. Carpenter again powered a double for Reno; followed by a TnT error on the next batters hit which placed runners at second and third with two men out. Then Dave placed a single to left to score two men and break the back of the Mountain Men.

The Huskies were retired before they could cause any further damage and the bottom half again was open to the locals. Kumle led off with a single but couldn't get anyone to advance him and he died there after the next three Truckee batters failed at the plate.

Despite the loss the Cardinal & White did manage to get beautiful pitching from Robinson who incidentally ended up with 20 strikeouts and walked only 3 men (The first walks he's given up all season). Robinson now has a total of 54 strikeouts in three games so far this campaign.

BRING BACK RAKES

Chairman N. F. Dolley of the cleanup committee today asked that people having rakes or shovels which were loaned last Saturday to please return them to the jail and they will be returned to their owners.

From Applegate—

Frank Borden of Applegate was a local visitor last Thursday.

Visitors In City—

Dr. and Mrs. Robert Affeldt returned from a week end trip to San Francisco.

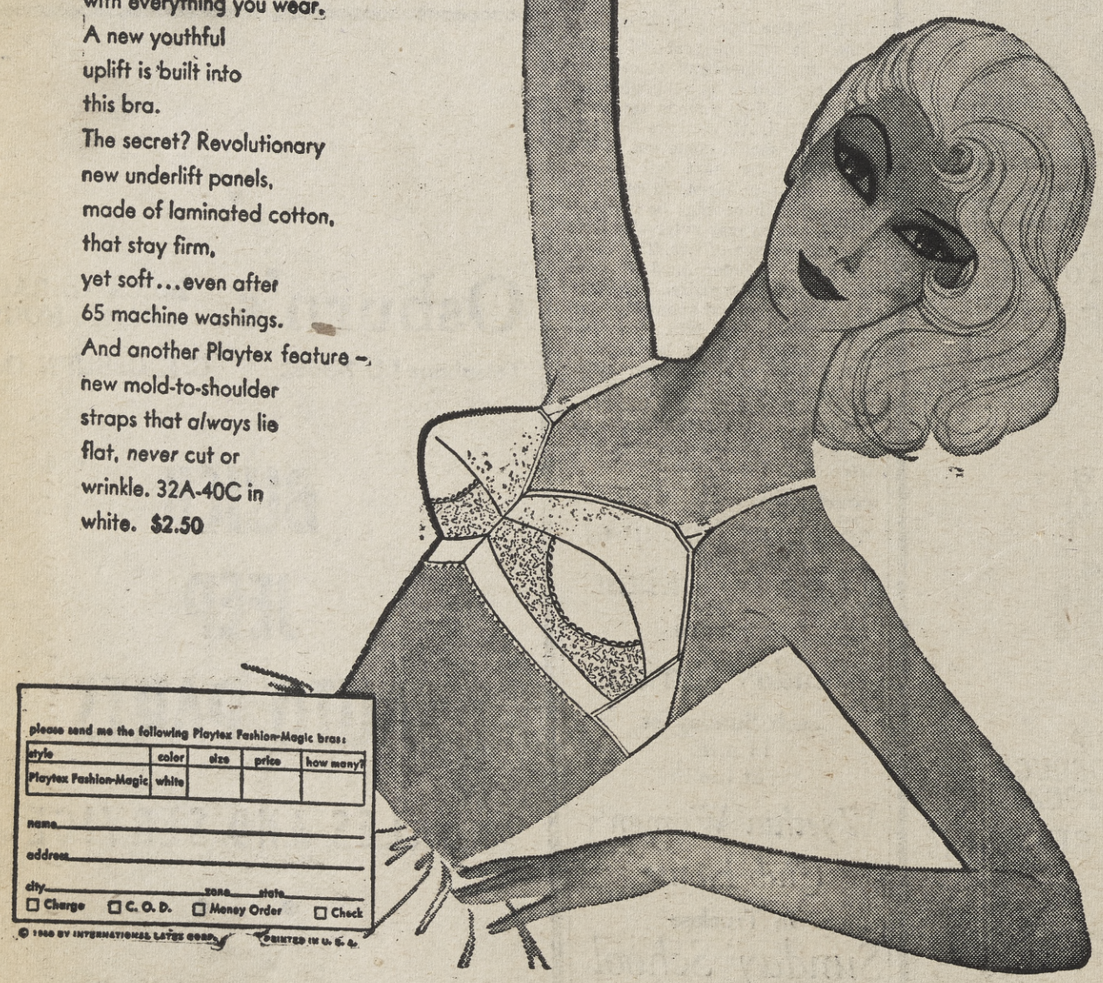
magic!

the stay-firm underlift panels of new

playtex fashion-magic bra

You'll say it's magic with everything you wear. A new youthful uplift is built into this bra. The secret? Revolutionary new underlift panels, made of laminated cotton, that stay firm, yet soft...even after 65 machine washings. And another Playtex feature – new mold-to-shoulder straps that *always* lie flat, *never* cut or wrinkle. 32A-40C in white. **$2.50**



please send me the following Playtex Fashion-Magic bras:

Tarzan

by EDGAR RICE BURROUGHS

TARZANLAND'S STRANGER SPEAKS...

TARZAN'S DESIRE FOR PEACEFUL DAYS-AFTER A LIFETIME OF STRUGGLE AND BATTLES-SEEMS THREATENED.

THE MYSTERIOUS STRANGER, GIVEN FOOD BY TARZAN, REFUSES TO SAY WHO HE IS OR WHY HE DROPPED INTO TARZANLAND BY PARACHUTE. HUGGING A SEALED PACKAGE, HE TRIED TO RUN AWAY FROM THE PINK PALACE-UNTIL TARZAN ROPED HIM.

4-19-1467

AS THE BOY SAYS, YOU CAME HERE *UNINVITED*. WE RISKED OUR LIVES TO HELP YOU! WE FED YOU! NOW SPEAK--WHO ARE YOU? WHY HAVE YOU COME HERE?

I...I DID NOT PLAN...TO FALL HERE. MY REAL PLAN HAS...FAILED...FAILED IN THIS PLACE, UNKNOWN TO ME...AFTER ALL MY CAREFUL YEARS...SPENT TO MAKE CERTAIN MY PLAN WOULD NOT FAIL! MY NAME...THAT IS NO LONGER IMPORTANT! I HAVE FAILED!!

HE *CAN* TALK, TARZAN! BUT, WHAT'S HE TALKING ABOUT? MAKE HIM SAY-IF HE'S A FRIEND... OR ENEMY!

BILL ELLIOTT JOHN CELARDO

YOUR NAME *IS* IMPORTANT-TO US! AND *WHY* YOU ARE HERE! THIS IS *OUR* PLACE-A PEACEFUL PLACE! SPEAK UP, STRANGER, BEFORE I LOSE MY PATIENCE!

MY LIFE PLAN SEEMS TO HAVE FAILED...BUT MAYBE GOD GIVES ME ONE MORE CHANCE... TO MAKE IT SUCCEED ...THROUGH *YOU!*

...I PLANNED WELL... IN GREAT DETAIL. THEN I STOLE A JET FIGHTER...THOUGHT I COULD GET EVIL SCIENTISTS' SECRETS OUT TO CIVILIZED MEN...TO WASHINGTON... WHERE CIVILIZATION MAY YET BE SAVED!... BUT THE JET FIGHTER TRICKED ME...KNOCKED ME UNCONSCIOUS AGAINST THOSE CLIFFS. NOW I AM A PRISONER...

NO, STRANGER, YOU ARE *NOT* A PRISONER! MERELY AN UNINVITED GUEST. BUT YOU SPEAK IN RIDDLES!

VERY WELL...I MUST MAKE ANOTHER EFFORT! IN THIS PACKAGE I HAVE THE SECRETS OF THE WORLD'S MOST EVIL SCIENTISTS...FOR 25 YEARS I MADE THEM THINK I WAS ONE OF THEM... WHILE OBTAINING THEIR DIABOLICAL PLANS AND INVENTIONS...NERVE GASES... BIOCHEMICAL WEAPONS, NOT EVEN DREAMED OF BY DECENT MEN!

HELP ME GET MY EVIDENCE TO SCIENTISTS WHO ARE CIVILIZED MEN...IF WE FAIL, *EVIL WINS*... *GOOD* MEN, WOMEN AND CHILDREN BECOME TORMENTED *SLAVES!*

NEXT SUNDAY: TARZAN'S PROBLEM.
